2022 SHOEBOX GARDEN COMPETITION

One Seed Forward

We are launching this year's Shoebox Garden competition and we want everyone to take part!

We would like children aged 16 or under to individually create a garden in a shoebox. You can be as creative as you like, you can build it around a theme - rock garden, bee friendly, herb garden, sensory, whatever you like!
It's all about getting growing!

The overall individual winner will receive gardening vouchers worth £50 with £20 of gardening vouchers for the runners-up

The best overall school will receive gardening vouchers of £100

Rules:

- open to children aged 16 or under on Friday June 24, 2022
- each garden must contain at least one edible plant
- a photo of the shoebox garden should be posted onto either:

- you agree that we can post photos of the garden or any children shown onto our websites, social media pages or use these for any educational purposes. Please get permission from an adult if you are under 16 and included in the photo and provide this when submitting your entry.
- entries close at **midnight on Friday June 24, 2022** with the winners announced by June 30, 2022
- to qualify for the overall school award, a minimum of 5 gardens should be entered from a school. All entries will automatically be included for the overall individual prizes.

We had a great response last year so please encourage people to take part and share the fun of growing!
